## Recent work Experience

### July 2020 **Interaction Designer** UK Department of Health, Victoria, London

July 2020

I worked as a contractor on the Test, Trace and Self Isolation Customer Experience improvement program. The projects aim was to break the chains of covid-19 transmission to enable people to return towards and maintain a more normal way of life. [Visit my portfolio to read more](#)

Dec 2020

### Jan 2020 **Senior UX Designer** Vodafone UK, Victoria, London

Jan 2020

I was hired by an Italian IT consultancy business operating in the UK, to work on the MVA project (My Vodafone App). The project focused on building a fresh user experience to enhance the every-day performance of the app and to apply further improvements based on feedback from Vodafone's B2B customer'. June 2020

### June 2019 **Visual Designer** IRIS Group UK, Slough, Berkshire

June 2019

IRIS is a software house specialized in developing B2B solutions. Since late 2018 its accountancy division (who's applications are 95% desktop or on-premises based) has faced stiff competition from newer cloud-based solutions in the market and gradually lost customers to its rivals. In mid-August 2019, a roadmap was put together that will place all its accountancy products in the cloud by 2<sup>nd</sup> quarter of 2020. [Visit my portfolio to read more](#)

Dec 2019

### Jan 2019 **Product Designer** Expedia Group UK, Angel, London

Jan 2019

The business runs numerous travel brands. I was hired to work on the **Hotels.com** arm. The project focused on building a new and improved web mobile UI to replace the existing legacy look and feel for an optimised user experience with an aim to increase overall conversion.
